Seasonal Garden Trail

garden blooms

**An Essence**  
30 min, 2.5 km  
Easy

A little short on time? How about taking a look at 8 of our 11 gardens. You'll weave between native and exotic trees as well as heritage sites along your way.

**Full Bouquet**  
1 hr 15min, 7 km  
Easy/Moderate

Take your time to explore all of our park gardens including our secret Grotto and the native gardens at Campbell Crescent.

**Key**

- Suitable for prams/wheelchairs
- Stiles, steps and unpaved paths
- Be mindful of shared cycle and walking areas

From 17 July to 10 September we are lambing and calving. The eastern areas of the park are a NO dog area during this time. See our website for more details.

If you would like up-to-date information on what's growing and blooming in our beds this season come and visit the team at Huia Lodge.

Dogs must be on lead at all times while in the park.

**Highlights**

**Campbell Crescent gardens** are planted with over 5000 natives!

**Twin Oak Drive** blooms with over 6000 daffodils in spring.

**The Grotto** is a hidden gem of the park, planted in 1938 and landscaped in 1996.

**Seasonal viewing**

The best time to see our gardens in full bloom is summer and spring. You will still find plenty of things to see during winter and autumn but our garden beds may be in a growing phase.

**Blooming trees**

Not only do our gardens bloom but so do our trees such as pōhutukawa in summer, cherry blossoms, kōwhai and magnolia in spring, not to mention the beautiful changing of the liquid amber, oak, and ginkgo leaves during autumn and winter.
